

APRIL 20, 21 & 22, 2016 • JACOB JAVITS CONVENTION CENTER, NEW YORK CITY

SCIENTIFIC ADVISORY COUNCIL CONVENED

Accomplished leadership to guide Advanced Energy 2016

Exhibitor setup & pre-conference meetings, workshops & training sessions: April 20
Track sessions and select plenary and parallel track sessions: April 21 & 22

An impressive panel of distinguished scientists and educators will serve as the **Scientific Advisory Council for Advanced Energy 2016**. Drawing on their diverse backgrounds and areas of expertise, the Council will be responsible for providing guidance and leadership in shaping the academic tracks and programs for this wide-reaching conference.

Advanced Energy 2016 will begin with pre-conference meetings, workshops & training sessions on April 20. On April 21 & 22, multiple educational tracks and scores of conference sessions will address virtually every area of energy research, technology and policy. The Scientific Advisory Council will provide a vast resource of knowledge and experience, ensuring that all sessions will meet the highest standards for relevance and content, and stimulate a free exchange of ideas and information across every sector of the energy industry.

CO-CHAIRPERSON

Dr. Doon Gibbs
Director
Brookhaven National
Laboratory

CO-CHAIRPERSON

Dr. Fotis Sotiropoulos
Dean, College of Engineering
and Applied Sciences
Stony Brook University

Dr. Pradeep Haldar
CNSE Vice President
of Entrepreneurship
Innovation and Clean
Energy Programs,
SUNY Polytechnic
Institute

Dr. José Holguín-Veras
Director for Infrastructure,
Transportation and
Environment (CITE),
Rensselaer Polytechnic
Institute (RPI)

Dr. Nada Anid
Dean of the School
of Engineering and
Computing Sciences,
New York Institute of
Technology (NYIT)

Dr. Doreen Edwards
Dean of Engineering,
Alfred University

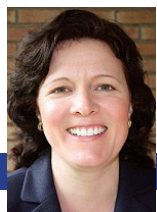

Dr. Kamal Shahrabi
Dean of the School
of Engineering
and Technology,
Farmingdale State
College

Dr. Bahgat Sammakia
Vice President
for Research,
Binghamton
University

Dr. Serpil Guran
Director EcoComplex,
Rutgers University

Dr. Ellen Burkhard
Senior Project
Manager,
NYSERDA

Dr. Kurt Becker
Vice Dean for
Research, Innovation
and Entrepreneurship,
NYU Tandon School
of Engineering

Dr. Liesl Folks
Dean of Engineering,
University at
Buffalo

Dr. William D. Jemison
Dean of the School
of Engineering,
Clarkson University

Dr. Imre Gyuk
Program Manager
for Energy Storage,
US Dept of Energy

Dr. Lance Collins
Dean of Engineering,
Cornell University

Dr. Edward Bogucz
Executive Director,
Syracuse Center of
Excellence

Dr. Esther Takeuchi
SUNY Distinguished
Professor,
Stony Brook
University, Advanced
Energy Center

Dr. Karin Ezbiensky Pavese
Principal,
KEP Consulting

Dr. Amit Goyal
Director of RENEW,
University at Buffalo

Dr. Lisa S. Coico
President,
The City College
of New York

Dr. Seung Il Moon
President, Korean
Electrical Engineering
and Science Research
Institute, Seoul
National University

Dr. Kathleen Araújo
Asst. Professor Energy
& Environmental
Systems,
Stony Brook
University

Advanced Energy 2016 is the energy industry's most inclusive event of the year, and the opportunity to meet and network with influential leaders, key researchers, and policy makers from every part of the energy sector. The last time this conference was held at the Javits Center it attracted nearly 2,000 attendees from 22 countries, and decision makers from 765 energy-related corporations and other organizations. Make your plans for attending **Advanced Energy 2016** today!

Online registration is open – act now for early-bird savings!

REGISTER NOW

Register online today for **Advanced Energy 2016** for substantial discounts on all conference tickets! **You can still save as much as \$200 for the full, two-day conference by registering before February 15, 2016.** Substantial early-bird savings off the on-site prices are also available for one-day, student, and exhibit hall tickets. You can save on accommodations too, if you book your room at the eco-friendly Element New York Times Square West (just blocks from the Javits Center).

Don't miss your chance to attend and profit from this landmark event... and to save money by acting now. Make your plans for joining the industry's brightest and most influential minds at **Advanced Energy 2016** today!

Major sponsors already committed to participation in Advanced Energy 2016 include:
